PROFESSIONAL SUMMARY

Full-Stack Software Engineer (React.js + Django) with 3.5+ years of experience building scalable, high-performance applications. Skilled in React, Django / DRF, PostgreSQL/MySQL, AWS, and CI / CD automation. Achieved 70% API latency reduction, 30% scalability improvement, and 40% deployment stability gains. Strong in system design, database optimization, redis, and celery-based async workflows. Available as an Immediate Joiner.

TECHNICAL SKILLS

Frontend: ReactJS, Redux, JavaScript (ES6+), TailwindCSS, Material UI, HTML5, CSS3.
Backend: Python, Django, Django REST Framework (DRF), Celery, Redis.
Databases: PostgreSQL, MySQL, MongoDB.
Cloud & DevOps: Docker, AWS (S3, EC2, CI / CD pipelines, Lambda), GitHub Actions, Jenkins.
Tools: Git, Postman, VS Code, Figma, FileZIlla, Swagger, Webpack, Vite.
Soft Skills: Collaboration, Communication, Problem Solving, Adaptability, Critical Thinking, Proactive Mindset.

PROFESSIONAL EXPERIENCE

Software Developer
Teknobuilt, Apr 2024 - Sep 2025

- Developed and maintained scalable full-stack modules (React.js, DRF, PostgreSQL/MySQL), improving system performance with 70% faster APIs and successful multi-region data migrations.
- Built a reusable React component library with Material UI, ensuring design consistency and accelerating development across product modules.
- Enhanced DevOps workflows by optimizing Docker/AWS CI/CD pipelines, reducing deployment downtime by 40% and improving release reliability.
- Collaborated cross-functionally with PMs, designers, DevOps, and AI/ML teams to deliver intuitive features, integrate AI PoCs, and mentor junior developers.

  Key Achievements:
- Improved UI consistency through shared component architecture.
- Reduced deployment downtime by 40% with pipeline automation.

Associate Software Developer
Teknobuilt, Jun 2022 - Mar 2024

- Developed secure RESTful APIs with role-based authentication and multi-user access control using Django/DRF.
- Built configuration-driven modules such as dynamic form builders and bulk upload systems to enhance product flexibility.
- Optimized API and database performance, improving data retrieval efficiency by 35% and streamlining AWS S3 media workflows.
- Maintained a 98% sprint completion rate while mentoring interns on clean coding, Git workflows, and debugging best practices.

  Impact:
- Accelerated module delivery cycles through optimized feature workflows.

Graphic Designer
Ornamax Web Solutions, Apr 2019 - Jun 2022

- Designed marketing visuals, infographics, banners, and brand assets resulting in 20%+ engagement growth across digital channels.

Content Writer
Ornamax Web Solutions, Jun 2017 - Mar 2019

- Produced SEO-friendly blogs, documentation, and video scripts, increasing organic search traffic by 30%.

PROJECTS

PACE OS – Enterprise Construction Management System
Role: Full-Stack Developer | Tech Stack: React, Redux, Django, DRF, PostgreSQL/MySQL, AWS, Docker

- Developed key end-to-end modules and configuration-driven features (form builder, bulk import engine) using React and Django/DRF.
- Built a reusable React component library integrated with Material UI and improved system performance through API and database optimizations.
- Enhanced deployment reliability by improving CI/CD pipelines in collaboration with DevOps using AWS and Docker.
- Integrated AI/ML PoCs into production workflows and contributed to major outcomes including **30% improved scalability** and reduced downtime.

Other Personal Projects:
Built multiple React-based applications including a **Real-time Cricket Score Tracker**, **Smart Calculator**, **To Do Manager**, **Weather Forecast App**, **Meal / Recipe Finder**, **Pokémon Explorer** with API caching, and a **Personal Portfolio Website**. These projects demonstrate strong skills in API integration, state management, reusable components, UI/UX design, and building responsive, interactive web applications.

EDUCATION

- **Bachelor of Science (B.Sc.) in Computer Science**
  University of Mumbai, 2014 - 2017.
- **Higher Secondary Certificate (HSC) - Computer Science**
  Maharashtra State Board, 2012 - 2014.
- **Secondary School Certificate (SSC)**
  Maharashtra State Board, 2012.

CERTIFICATIONS

- **Full Stack Web Development**, Newton School, 2021 - 2022.
- **React (Basic)**, HackerRank, 2025.
- **Web / App Development**, Code360 by Coding Ninjas, 2025.
- **Data Science / Machine Learning**, Code360 by Coding Ninjas, 2025.
- **Gen AI**, Code360 by Coding Ninjas, 2025.
